PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 242A at Coalgate, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 242A to Coalgate, Oklahoma as that community's first competing FM service.<sup>1</sup> Coalgate is an incorporated community with a population of 2,005 people.<sup>2</sup> Coalgate has its own mayor, its own schools, fire department, police department, post office, Library and a number of local churches. Coalgate

<sup>1</sup> KKFC, Channel 288C3 is currently licensed to Coalgate, Oklahoma.

<sup>2</sup> U.S. Census 2000

is a community that is certainly deserving of a competing FM service. The proposed channel 242A will provide additional diversity and an outlet for local self-expression to Coalgate residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 242A can be allocated to Coalgate, Oklahoma, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment A) Please note that a prior filed petition for Channel 242A at Centrahoma, Oklahoma was dismissed per FCC letter on April 13, 2005. (See, Attachment B).

Reference coordinates for Channel 242A at Coalgate, Oklahoma are:

34 35 00 N  
96 10 10 W

Should this petition be granted and Channel 242A is allotted to Coalgate, Oklahoma, Petitioner will apply for Channel 242A at Coalgate and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,

---

(FCC letter dated 4/13/05, dismissing petition to add  
Channel 242A at Centrahoma, Oklahoma)

Federal Communications Commission

April 13, 2005

Charles Crawford

Dallas, Texas 75205

Dear Mr. Crawford:

This letter is in reference to a petition for rule making you filed proposing the allotment of Channel 242A to Centrahoma, Oklahoma, as its first local aural transmission service. In order to accommodate this allotment, you requested the reclassification of Station KXXY-FM, Channel 241C, Oklahoma City, Oklahoma, to specify operation on Channel 241C0.

In accordance to the *Second Report and Order* in MM Docket No. 98-93<sup>1</sup>, and as set forth in Section 1.420(g), note 2, and Section 73.3574, note 4 of the Commission's rules, Station KXXY-FM is subject to reclassification as a Class C0 facilities because it is operating below minimum Class C standards. In this regard, an *Order to Show Cause* ("Order")<sup>2</sup> was issued on August 12, 2004, pursuant to the reclassification procedures set forth in Section 73.3573, note 4 of the Commission's Rules, which afforded the licensee an opportunity to show why its respective license should not be modified to a Class C0 facility. As such, Clear Channel Broadcasting Licenses, Inc. ("Clear Channel"), licensee of Station KXXY-FM filed comments in response to the *Order* stating its intention to file a minor change construction permit application to increase its antenna height above 451 meters HAAT. An acceptable construction permit application was filed on November 4, 2004, to increase its antenna height above 451 meters HAAT<sup>3</sup>. Therefore, pursuant to Section 1.420(g), note 2 of the Commission's Rules, your petition proposing the allotment of Channel 242A to Centrahoma, Oklahoma is hereby dismissed.

As noted in the *Order*, the present three-year construction period will be applicable under this reclassification procedure. If the construction is not completed as authorized, Station KXXY-FM is subject to reclassification automatically as a Class C0 station, and, in that event, a new petition for rule making to allot Channel 242A at Centrahoma may be filed.
